VISION

Our vision is for a new model of second-level school, one that places the student – your child – at its centre. We aim to create a vibrant, welcoming school community to which every student feels a real sense of belonging. We use the best teaching and learning methods to enable each individual student to reach their full academic and social potential.

AIM

Dublin South City ETSS aims to provide an education that will enable all students to contribute meaningfully to their communities, embrace the rights and responsibilities of citizenship in a democratic society and develop the knowledge and skills necessary to live their lives and to build their careers in the 21st century.

OUR ETHOS

Educate Together Schools are committed to the values laid down in Educate Together's Charter. Our schools are learner-centred, multi-denominational, co-educational and run democratically. This means that all members of the school community, whatever their social, cultural or belief background, work together in an atmosphere of dignity and respect. Students follow an ethical curriculum, which includes learning about different religions and belief systems. Our ethos provides a strong moral, ethical and spiritual framework for the whole school community, and informs all policies and practices in the daily life of the school.

In exercising these policy-making and decision-making responsibilities the School Manager / Board of Management upholds the characteristic spirit of the school.
